

STAKEHOLDER NOTICE

30 June 2015 – WIRP (2014 DAU) assessment timetable change

Throughout the assessment process for the 2014 DAU, we have sought to keep stakeholders informed about the process, timings and any changes to the assessment timetable.

We had previously identified releasing a decision document in relation to the pricing for WIRP train services in June 2015. Due to the scope and complexity of issues raised by stakeholders, we have revised this to July 2015 (as shown amended below). All other timings remain unchanged.

Updated 2014 DAU timetable - WIRP
