11 May 2016

Development of Aurizon Network's regulatory arrangements to apply from 1 July 2017

Aurizon Network's proposed UT4 regulatory arrangements are intended to operate until the period ending 30 June 2017. Noting there are no proposed regulatory arrangements beyond this date, the QCA considers that it is in the interests of all stakeholders to have certainty over the development of a draft access undertaking for what will become the UT5 period.

Accordingly, and pursuant to section 133 of the *Queensland Competition Authority Act 1997*, the QCA has issued an initial undertaking notice to Aurizon Network for a draft access undertaking to apply for the period commencing 1 July 2017. The notice requires Aurizon Network to give the QCA a draft access undertaking by 9 September 2016.
