Dear Malcolm,

**Aurizon Network's Proposed Standard Access Agreements**

The purpose of this letter is to submit to the Queensland Competition Authority (the QCA) Aurizon Network's amended Standard Access Agreements (SAAs).

On 29 April 2011 Aurizon Network submitted its proposed alternate form of SAAs to the QCA in accordance with clause 5.2(n) of the 2010 Access Undertaking.

The QCA advised Aurizon Network of its final decision to reject the proposed SAAs in its letter dated 24 April 2013. Attached to this letter was a Decision Document which outlined a set of amendments required to be made to the SAAs in order for these agreements to conform to the QCA's final decision.

In this regard, please find attached an alternate set of SAAs that have been amended in accordance with the QCA's final decision, noting that some aspects are not exactly consistent with the specifics of the Decision Document. The rationale for including these non-conforming amendments is to improve the quality of the agreements while also adhering to the QCA's stated policy objectives.

Should you have any questions or concerns please contact Matthew Cronin on 3019 7768.

Yours sincerely,

Michael Carter  
Chief Executive Officer
