  - (ii) If the Private Infrastructure Owner fails to pay in full any costs, fees or charges payable by the Private Infrastructure Owner under this Agreement on or before the due date for payment ~~(including any disputed amount which is subsequently determined to be payable by the Private Infrastructure Owner to Aurizon Network),~~ the Private Infrastructure Owner will be liable to pay interest on the outstanding amount at ~~a rate of two per cent (2%) above the Commonwealth Bank of Australia's 'Reference Rate' for borrowers with overdrafts of \$100,000 or more as published in the Australian Financial Review from time to time whilst such amounts remain outstanding or, if such 'Reference Rate' is not so published, at a rate reasonably specified by Aurizon Network:~~ the Default Rate.
  - (iii) Interest payable under **clause 3(d)(ii)** will be calculated on daily balances on the amounts outstanding from the date ~~for~~ following the date on which payment of the amount was due until such amount, together with interest thereon, has been paid in full. All interest accrued but unpaid at the end of each ~~day (or such longer~~

~~period as specified by Aurizon Network)~~month will itself bear interest.

- (e) The Private Infrastructure Owner may at any time ~~(and from time to time)~~ require that an audit is undertaken of the costs, fees and charges referred to in **clause 3(a)** for the purpose of verifying that the costs, fees and charges invoiced to the Private Infrastructure Owner have been properly allocated to the Private Infrastructure Owner. If the Private Infrastructure Owner requires that such an audit is undertaken:
- (i) the audit must be carried out by a person agreed by the Parties (or failing agreement nominated by the President for the time being of CPA Australia Limited) who is appropriately skilled and qualified to carry out the audit, is impartial and has undertaken to be bound by reasonable duties of confidence, ~~if so required by either the Private Infrastructure Owner or Aurizon Network;~~
  - (ii) the Private Infrastructure Owner and Aurizon Network must bear the costs of the audit; in equal proportions;
  - (iii) Aurizon Network must make available to the auditor such information as ~~is~~the auditor reasonably ~~required by~~requires to conduct the audit no later than [2] Business Days following a verbal or written request from the auditor; and
  - (iv) promptly following completion of the audit, the results of the audit (which must include findings as to whether the Private Infrastructure Owner has been invoiced the correct amounts and, if not, the financial adjustment required to rectify that error) ~~will~~must be made available to Aurizon Network and the Private Infrastructure Owner.
- (f) Any rights and obligations relating to payments (including any exclusions, restrictions and limitations from or on payments) by Aurizon Network to, or to Aurizon Network from, the Private Infrastructure Owner are only in relation to the transaction expressly set out in this Agreement and the Private Infrastructure Owner's capacity as the owner of the Private Infrastructure. Nothing in this Agreement prevents Aurizon Network or the Private Infrastructure Owner receiving payments under different agreements between them.

## 4 GST

- (a) Unless otherwise stated, all amounts payable or other consideration to be provided under this Agreement are exclusive of GST.
- (b) If Aurizon Network is required to pay GST on any amount payable or other consideration to be provided under this Agreement then, subject to **clause 4(e)**, the Private Infrastructure Owner must pay to Aurizon Network the amount of that GST on the same date as the payment giving rise to the GST.

- (c) If the supply of a Reimbursable Item under this Agreement is subject to GST, the Private Infrastructure Owner must pay Aurizon Network in respect of that Reimbursable Item the GST Inclusive Reimbursement.
- (d) All invoices prepared pursuant to this Agreement will take the form of a tax invoice.
- (e) If a dispute between Aurizon Network and the Private Infrastructure Owner arises out of or in connection with this **clause 4**, then either Party will give to the other Party a notice of dispute in writing adequately identifying and providing details of the dispute. If the dispute has not been resolved within 10 Business Days after service of a notice of dispute, the dispute must be referred for determination by an expert in accordance with **clause 19(d)**.

## 5 Access to operate rollingstock on Private Infrastructure, Network and Connecting Infrastructure

- (a) This Agreement does not constitute an agreement between the Parties for:
  - (i) access by Aurizon Network or any third party to operate rollingstock on the Private Infrastructure; or
  - (ii) access by the Private Infrastructure Owner or any third party to operate rollingstock on the Network or the Connecting Infrastructure.
- (b) Arrangements for access to operate rollingstock on the Private Infrastructure, the Network and/or the Connecting Infrastructure will be the subject of a separate agreement or agreements between the relevant entities.

## 6 Connecting Infrastructure – Private Infrastructure Owner construction

~~*[Under clause 9.1 of the Aurizon Network Access Undertaking, Aurizon Network must design, project manage, construct and commission the Connecting Infrastructure unless otherwise agreed with the Private Infrastructure Owner.]*~~

*[QRC note: the QRC refers to its submission on Part 9 of the QCA's Draft Decision and notes that it is considering various matters associated with this clause 6. Accordingly, the QRC has not yet marked up this clause 6 and clause 7.]*

- (a) This clause 6 applies if the Private Infrastructure Owner is responsible for the planning, design and construction of the Connecting Infrastructure (as specified in Item 5 of **schedule 1**).
- (b) To enable the Private Infrastructure Owner to plan, design, construct and otherwise carry out the construction of the Connecting Infrastructure, Aurizon Network must, promptly following a written request from the Private Infrastructure Owner, provide all [information and](#) assistance reasonably requested by the Private Infrastructure Owner, at the Private Infrastructure Owner's reasonable and prudent cost, so that the Connecting Infrastructure satisfies the minimum technical, engineering and safety standards required to connect the Private Infrastructure to the Network, including:
- (i) [any information or assistance required by the Private Infrastructure Owner in connection with the CI Criteria;](#)
  - ~~(i)~~(ii) the provision of technical and engineering information in relation to the Network, including all information relating to the design specifications, infrastructure standards and scope of the rail infrastructure adjacent to the Private Infrastructure or to which the Private Infrastructure will connect;
  - ~~(ii)~~(iii) advice in connection with the design specifications, infrastructure standards and the scope of the rail infrastructure for the coal system which the Private Infrastructure Owner ~~of the Private Infrastructure~~ is developing;
  - ~~(iii)~~(iv) providing access to planning procedures developed and maintained by Aurizon Network which would reasonably have an impact on the operation of Train Services using the Connecting Infrastructure including any planned or anticipated upgrades or augmentation of the Network;
  - ~~(iv)~~(v) the provision of information relating to any capacity analysis associated with the Private Infrastructure [and Connecting Infrastructure](#), including capacity modelling assumptions and modelled simulation outputs required for planning and design purposes; and
  - ~~(v)~~(vi) reasonable access to [contractors, consultants,](#) employees, agents ~~or~~and officers of Aurizon Network who have knowledge of the Network, in particular of the matters identified in **clauses 6(b)(i) to (v)**.
- (c) (i) Prior to commencing construction of the Connecting Infrastructure, the Private Infrastructure Owner may submit the Design to Aurizon Network for approval in accordance with this **clause 6(c)**. Any such submission must be accompanied by details of the Train Services the Private Infrastructure Owner anticipates entering and/or exiting the Network via the Connecting Infrastructure.

- (ii) Within 10 Business Days of submission of the Design in accordance with **clause 6(c)(i)**, Aurizon Network must give written notice to the Private Infrastructure Owner:
  - (A) where the Design is unusually complex or otherwise especially difficult to assess, informing the Private Infrastructure Owner that additional time is required to consider the Design, and the reason that additional time is required;
  - (B) approving the Design; or
  - (C) rejecting the Design, in which case Aurizon Network:
    - (1) must give reasons for the rejection; and
    - (2) must give details of any modifications that it requires to be made to the Design so that it is suitable for the purpose of connecting the Private Infrastructure to the Network and for the operation of the Train Services anticipated by the Private Infrastructure Owner.
  
- (iii) Aurizon Network must approve the Design of the Connecting Infrastructure where the Design:
  - (A) meets the technical specifications reasonably required by Aurizon Network for connection to the Network;
  - (B) provides for the Connecting Infrastructure to be constructed to a standard appropriate to the nature of the traffic and the current service standards of the adjoining part of the Network;
  - (C) will have no adverse impact on safety; and
  - (D) will not, after completion and commissioning of the proposed connection -and any relevant Expansion, reduce capacity of the Network or supply chain capacity,

(together, the **CI Criteria**), provided that Aurizon Network cannot refuse to approve the Design on the basis of **clauses 6(c)(iii)(A) – (C)** -above if that would result in the Connecting Infrastructure being required to be of a standard or to be of any condition which exceeds the standard and condition of any relevant part of the Network (including any planned or anticipated Expansion).
  
- (iv) Within 20 Business Days of giving a notice in accordance with **clause 6(c)(ii)(A)**, Aurizon Network must give written notice to the Private Infrastructure Owner:
  - (A) approving the Design; or
  - (B) rejecting the Design, in which case Aurizon Network:
    - (1) must give reasons for the rejection; and

- (2) must give details of any modifications that it requires to be made to the Design so that it is suitable for the purpose of connecting the Private Infrastructure to the Network and for the operation of the Train Services anticipated by the Private Infrastructure Owner.

~~(C)~~ Aurizon Network must approve the Design ~~of the Connecting Infrastructure~~ where the Design meets the CI Criteria,

(v) provided that Aurizon Network cannot refuse to approve the Design on the basis that it does not meet the CI Criteria if that would result in the Connecting Infrastructure being required to be of a standard or to be of any condition which exceeds the standard and condition of any relevant part of the Network (including any planned or anticipated Expansion).

~~(v)~~(vi) Following receipt of a notice under **clauses 6(c)(ii)(C), 6(c)(iv)(B) or 6(c)(vii)**, the Private Infrastructure Owner may:

- (A) modify and resubmit the Design, in which case **clause 6(c)(ii)** will reapply; or
- (B) dispute any of Aurizon Network's reasons for rejecting the Design in which case the matter will be resolved in accordance with clause 11.1 of the Aurizon Network Access Undertaking.

~~(vi)~~(vii) If, following approval of the Design by Aurizon Network but prior to the ~~approval commencement~~ of the suitability construction of the works for the Connecting Infrastructure ~~in accordance with clause 6(d)(ii)~~, Aurizon Network reasonably considers there has been a material change in circumstances such that it would no longer be required to approve the Design pursuant to **clause 6(c)(iii)** it must, as soon as practicable of becoming aware of that change, give notice to the Private Infrastructure Owner of the nature of the material change in circumstances and details of any modifications that it requires to be made to the Design so that it is suitable for the purpose of connecting the Private Infrastructure to the Network and for the operation of the Train Services anticipated by the Private Infrastructure Owner. Where it is the conduct of Aurizon Network or an Aurizon Party in respect of the Network which would cause the material change in circumstances:

- (A) Aurizon Network must consult with the Private Infrastructure Owner before implementing any such change; and
- (B) the Private Infrastructure Owner will not be required to pay any costs associated with such change ~~if the material change in circumstances is the result of Aurizon Network or~~

~~an Aurizon Party's wilful misconduct, wilful default or gross negligence.~~

- (d) (i) At the request of the Private Infrastructure Owner, Aurizon Network must, at the Private Infrastructure Owner's cost (to the extent that such costs are reasonable), inspect works in progress for the Connecting Infrastructure to determine:
- (A) whether the Design approved in accordance with **clause 6(c)** (including any modifications made following a notice under **clause 6(c)(vii)**) appears to have been complied with to the date of inspection; and
  - (B) whether there is any evidence of defects or issues with the works in progress to the date of inspection that may result in the Connecting Infrastructure not meeting the suitability requirements in **clause 6(d)(ii)**,
- and advise the Private Infrastructure Owner as soon as reasonably practical of the results of that inspection, and how it considers any such potential non-compliances, defects or issues could be rectified.
- (ii) Prior to the Commitment Date, Aurizon Network will inspect the Connecting Infrastructure within 10 Business Days of a written request from the Private Infrastructure Owner, to determine whether it is suitable for the purpose of connecting the Private Infrastructure to the Network and for the operation of the Train Services contemplated to enter or exit the Network via the Connecting Infrastructure under any access agreement. The Connecting Infrastructure shall be suitable for these purposes where it:
- (A) complies with any Design approved in accordance with **clause 6(c)** (including any modifications made following a notice under **clause 6(c)(vii)**); or
  - (B) complies with the CI Criteria,
- provided that the Connecting Infrastructure will be deemed to meet the CI Criteria if a contrary treatment would result in Aurizon Network requiring the Connecting Infrastructure to be of a standard or to be of any condition which exceeds the standard and condition of any relevant part of the Network (including any planned or anticipated Expansion).
- (iii) If Aurizon Network has, in accordance with **clause 6(d)(ii)**, determined that modification or upgrade to, or replacement of, the Connecting Infrastructure is required in order to make it suitable for those purposes, Aurizon Network will:
- (A) first, consult with the Private Infrastructure Owner in respect of the work which Aurizon Network believes is required with

a view to agreeing the most efficient and effective means of making the Connecting Infrastructure suitable for the purposes set out in **clause 6(d)(ii)**; and

- (B) second, if Aurizon Network believes that work is still required and having regard to the consultation with the Private Infrastructure Owner, give to the Private Infrastructure Owner a written notice setting out comprehensive details of the work required (including a scope of work~~);) and~~ comprehensive reasons why Aurizon Network considers that the work is required~~, details of the party or parties who Aurizon Network proposes to carry out the work and Aurizon Network's procurement strategy (Connecting Infrastructure Work Notice)~~.
- (iv) The Private Infrastructure Owner may dispute all or any part of the Connecting Infrastructure Work Notice in accordance with this Agreement.
- (v) Following the expiry of a period of [15 Business Days] or such longer period as may reasonably be required from the date on which the Connecting Infrastructure Work Notice was issued and provided that the Private Infrastructure Owner has not disputed the Connecting Infrastructure Work Notice, ~~Aurizon Network~~ the Private Infrastructure Owner will carry out, or cause to be carried out, those modifications, upgrades or replacement, at the Private Infrastructure Owner's cost (to the extent that such costs are reasonable). If the Private Infrastructure Owner has disputed the Connecting Infrastructure Work Notice and it is determined in a dispute resolution carried out in accordance with this Agreement that the work described in the Connecting Infrastructure Work Notice is reasonably required, ~~Aurizon Network shall be entitled to~~ then the Private Infrastructure Owner must carry out, or cause to be carried out, that work following and in accordance with the determination of the dispute.
- ~~(vi) The Private Infrastructure Owner shall pay to Aurizon Network the reasonable and prudent costs of the work carried out by or for Aurizon Network in accordance with clause 6(d)(v), provided that the Private Infrastructure Owner may dispute the amount of those costs in accordance with the procedure set out in clause 19.~~

## 7 Connecting Infrastructure – Aurizon Network construction

**[QRC note: the QRC refers to its submission on Part 9 of the QCA's Draft Decision and again raises its concerns regarding the requirement for a**

*separate construction agreement in respect of the construction of Connecting Infrastructure by Aurizon Network. The QRC has not marked up this clause 7 as the QRC considers that the issues relating to the separate construction agreement are significant and are the subject of a specific QCA request for comments from stakeholders. The QRC notes that it has responded to the QCA's request for comments on this issue in its submission on Part 9.]*

(a) This **clause 7.1(a)(i)** applies if Aurizon Network is responsible for the planning, design and construction of the Connecting Infrastructure (as specified in Item 5 of **schedule 1**).

~~(b)~~ ~~(i)~~ Aurizon Network will design, construct, project manage and commission the Connecting Infrastructure, at the cost of the Private Infrastructure Owner, in accordance with the terms of the separate construction agreement between the Parties (**Construction Agreement**), subject to compliance with the terms of this **clause 7**.

~~(ii)~~ ~~(i)~~ **1.1(a)(i)**. Prior to commencing construction of the Connecting Infrastructure, and in any event within [x timeframe] of approving the Private Infrastructure Owner's access proposal under clause 9.1 of the Aurizon Network Access Undertaking, Aurizon Network must submit to the Private Infrastructure Owner for review and comment a draft of the Construction Agreement and the Design (these two documents are not required to be submitted to the Private Infrastructure Owner simultaneously).

~~(iii)~~ ~~(ii)~~ Within [10 Business Days] of submission of the Design and the Construction Agreement by Aurizon Network in accordance with **clause 7(a)(i)**, the Private Infrastructure Owner must give written notice to Aurizon Network:

- (A) where the Design or the Construction Agreement (or both) are unusually complex or otherwise especially difficult to assess, informing Aurizon Network that additional time is required to consider the Design or the Construction Agreement (or both) and the reason that additional time is required, such additional time not to exceed a further [x timeframe]; or
- (B) approving the Design or the Construction Agreement (or both); or
- (C) rejecting the Design or the Construction Agreement (or both), in which case the Private Infrastructure Owner must give:
  - (1) reasons for the rejection; and
  - (2) details of any amendments it requires to be made to the Design or the Construction Agreement (or both) so

that they are each suitable for the purpose of connecting the Private Infrastructure to the Network for the operation of the Train Services anticipated by the Private Infrastructure Owner.

~~(iv)~~(iii) The Private Infrastructure Owner may only request amendments under **clause 7(a)(ii)(C)** above if they relate to:

- (A) the CI Criteria; or
- (B) project management or timing issues that the Private Infrastructure owner considers will result in non-prudent or unreasonable costs or delays being incurred,

provided that the Private Infrastructure Owner cannot refuse to approve the Design or the Construction Agreement (or both) on the basis of **clauses (A) or (B)** above if that would result in the Connecting Infrastructure being required to be of a standard or to be of any condition which exceeds the standard and condition of any relevant part of the Network (including any planned or anticipated Expansion).

~~(iv)~~(iv) Within **[20 Business Days]** of giving a notice in accordance with **clause 7(a)(ii)(A)**, the Private Infrastructure Owner must give written notice to Aurizon Network under either **clause 7(a)(ii)(B) or (C)**, in accordance with **clause 7(a)(iii)**.

~~(vi)~~(v) Following:

- (A) receipt of a notice under **clauses 7(a)(ii)(C) or 7(a)(vi)**, Aurizon Network must, within **[20 Business Days]**:
  - (1) modify and resubmit the Design or the Construction Agreement (as applicable); or
  - (2) dispute any of the Private Infrastructure Owner's reasons for rejecting the Design or the Construction Agreement (as applicable) in which case the matter will be resolved in accordance with Part 11 of the Aurizon Network Access Undertaking; or
- (B) a failure by Aurizon Network to make a submission in accordance with **clause 7(a)(i)**, the Private Infrastructure Owner may refer to the matter to be resolved in accordance with Part 11 of the Aurizon Network Access Undertaking.

~~(vi)~~(vi) If, following approval of the Design and the Construction Agreement by the Private Infrastructure Owner but prior to execution of the Construction Agreement, the Private Infrastructure Owner reasonably considers there has been a material change in circumstances such that it would no longer be able to approve the Design pursuant to **clause 7(a)(iii)** it must, as soon as practicable of becoming aware of that change, give notice to Aurizon Network

of the nature of the material change in circumstances and details of any modifications that it requires to be made to the Design and the Construction Agreement so that it is suitable for the purpose of connecting the Private Infrastructure to the Network and for the operation of the Train Services anticipated by the Private Infrastructure Owner. Where it is the conduct of the Private Infrastructure Owner or a PIO Party in respect of the Network which would cause the material change in circumstances:

- (A) the Private Infrastructure Owner must consult with Aurizon Network before implementing any such change; and
- (B) Aurizon Network will not be required to pay any costs associated with such change if the material change in circumstances is the result of the Private Infrastructure Owner or a PIO Party's ~~wilful misconduct, wilful default or gross negligence~~ Wilful Misconduct or Gross Negligence.

~~(viii)~~(vii) The Construction Agreement must contain at least the following terms and these terms prevail over other terms in the Construction Agreement to the extent of any inconsistency:

- (A) Aurizon Network must give the Private Infrastructure Owner a reasonable period within which to provide comments to Aurizon Network on any design or construction matters, or project management issues which the Private Infrastructure Owner considers will result in non-prudent or unreasonable costs or delays being incurred;
- (B) any dispute arising out of or in relation to the negotiation of the Construction Agreement which relates to a matter which the Aurizon Network Access Undertaking provides for the parties to have a right to resolve via the dispute provisions in the Aurizon Network Access Undertaking, will be resolved in accordance with the Aurizon Network Access Undertaking;
- (C) the Private Infrastructure Owner shall pay (under and in accordance with the Construction Agreement) to Aurizon Network the reasonable and prudent costs of the work carried out by or for Aurizon Network in accordance with ~~clause 7(b)(i)~~ 1.1(a), provided that the Private Infrastructure Owner may dispute the amount of those costs in accordance with the Construction Agreement or with **clause 7(a)(vii)(B)**;
- (D) Aurizon Network must provide reasonable substantiation of the costs sought to be recovered by it;
- (E) Aurizon Network must give the Private Infrastructure Owner written notice of completion of the construction of the Connecting Infrastructure and an estimate of the further time required for commissioning and other activities before the

Connecting Infrastructure will be available for utilisation by Train Services;

- (F) Aurizon Network is not permitted to contract work to an Aurizon Party without the written approval of the Private Infrastructure Owner; and
- (G) Aurizon Network will not materially vary the works for the Connecting Infrastructure from the initial design without notifying the Private Infrastructure Owner.

## 8 Connecting Infrastructure – post commissioning

- (a) For the avoidance of doubt:
  - (i) as between the Parties, the Connecting Infrastructure must at all times (including during the construction process) be owned by Aurizon Network;
  - (ii) Aurizon Network ~~shall~~must not ~~encumber, transfer or dispose of~~Assign the Connecting Infrastructure except as expressly permitted in this Agreement unless at the same time it also:
    - (A) ~~transfers, disposes of or grants an encumbrance over~~Assigns the adjoining Branch Line in favour of the same ~~transferee~~Assignee; and
    - (B) procures ~~an assignment that the Assignee enters into a deed of novation in favour of the Private Infrastructure Owner in respect~~ of its obligations under this Agreement to the same transferee on such terms as the Private Infrastructure Owner may reasonably require;
  - (iii) Aurizon Network ~~shall~~must not remove, relocate or part with possession of the Connecting Infrastructure except as expressly permitted in this Agreement; and
  - (iv) Aurizon Network must ensure that, once constructed, the Connecting Infrastructure is connected to the Network immediately.
- (b) Aurizon Network ~~will~~must inspect the Connecting Infrastructure at least once per year during the term of this Agreement, to assess the state of repair of the Connecting Infrastructure.
- (c) ~~[Aurizon Network will~~must maintain and repair the Connecting Infrastructure to the standard required to maintain the connection between the Network and the Private Infrastructure-.]
- (d) Subject to ~~clause 20(h)~~17.4(a), Aurizon Network ~~will~~must reinstate or replace any part of the Connecting Infrastructure that is damaged or destroyed to the standard required to maintain the connection between the Network and the Private Infrastructure.

- (e) ~~At any time Aurizon Network may require modifications or upgrades to, or replacement of, the Connecting Infrastructure, but only to the extent that such modifications, upgrades or replacement are reasonably required ~~so~~to ensure that the Connecting Infrastructure complies with the CI Criteria~~
- (e) and provided that the Connecting Infrastructure is not required to be of a standard or to be of any condition which exceeds the standard and condition of any relevant part of the Network (including any planned or anticipated Expansion).
- (f) Aurizon Network ~~will~~must give to the Private Infrastructure Owner comprehensive written details of any modifications, upgrades or replacement that it requires to be made to the Connecting Infrastructure under **clause 1.1(a)**, and thereafter provide the Private Infrastructure Owner with a reasonable opportunity to consult with Aurizon Network about the proposed modifications, upgrades or replacements. If after consulting with the Private Infrastructure Owner Aurizon Network considers that it is required to carry out, or cause to be carried out, those modifications, upgrades or replacement it will give the Private Infrastructure Owner a written notice (including full details) and carry out or cause to be carried out that work at the Private Infrastructure Owner's cost (subject to the Private Infrastructure Owner's right to dispute). The Private Infrastructure Owner may dispute the amount of the costs payable in respect of any modifications, upgrade or replacement, the scope of work and/or who Aurizon Network chooses to carry out the work.
- (g) The Parties acknowledge that the construction and commissioning of modifications or upgrades to, or replacement of, the Network or Connecting Infrastructure, and the maintenance or repair of the Network or Connecting Infrastructure, may cause disruption to Train Services which cannot reasonably be avoided. ~~Except in the case of emergencies,~~ Aurizon Network ~~will~~must:
- (i) subject to clause 8(g)(ii), give the Private Infrastructure Owner reasonable prior written notice of any such works and any reasonably expected disruptions; ~~and~~
- (ii) ~~minimise any expected disruptions insofar~~in the case of emergency maintenance and emergency repairs, notify the Private Infrastructure Owner as it is soon as reasonably practicable ~~to do so of any such works and any reasonably expected disruptions;~~  
and
- ~~(ii)~~(iii) minimise any disruptions and the effects of any disruptions.
- (h) Aurizon Network will, upon reasonable notice to the Private Infrastructure Owner and the Rail Infrastructure Manager of the Private Infrastructure (to the extent it is not the Private Infrastructure Owner or Aurizon Network), be entitled to enter and remain upon the Private Infrastructure,

with such workmen and machinery as may be necessary, to the extent reasonably necessary to exercise its rights, and fulfil its obligations in relation to maintenance and repair of the Connecting Infrastructure, under this Agreement. Aurizon Network must, and must procure that any persons it authorises to access the Connecting Infrastructure, comply with the requirements of **clause 28(d)** in relation to access to Private Land.

- (i) If Aurizon Network proposes to make changes to the System Operating Parameters (as defined under the Aurizon Network Access Undertaking) relevant to that part of the Network of which the Branch Line and Connecting Infrastructure form a part, then Aurizon Network must:
- (i) notify the Private Infrastructure Owner and any other person affected by the changes to the System Operating Parameters of those changes as soon as reasonably practicable, which notice must include a timeframe in which the Private Infrastructure Owner may request a consultation meeting with Aurizon Network in respect of those changes; and
  - (ii) within [x timeframe] of a request from the Private Infrastructure Owner under **clause 8(i)(i)** meet with the Private Infrastructure Owner ~~to discuss~~ in to negotiate in good faith and agree the proposed changes.

If the Private Infrastructure Owner and Aurizon Network are unable to agree within the [x timeframe] specified in **clause 8(i)(ii)**, the matter must be referred to an expert for resolution in accordance with the process outlined in **clause 19(d)**.

## 9 Maintenance of and modification or upgrade to Private Infrastructure

- (a) Aurizon Network may require modifications or upgrades to be made to the Private Infrastructure to the extent that such modifications or upgrades are reasonably required to rectify a non-compliance with the standard described at **clause 9(d)**.
- (b) Any modifications or upgrades to the Private Infrastructure required by Aurizon Network will be carried out by or on behalf of the Private Infrastructure Owner at the Private Infrastructure Owner's cost, and ~~will~~ must in all respects comply with the minimum technical, engineering and safety standards that would be expected of a competent Accredited Rail Infrastructure Manager, as determined by an independent appropriately qualified person acceptable to both Parties (or failing agreement by the President for the time being of Engineers Australia, Queensland Division).
- (c) The Private Infrastructure Owner will carry out, or cause to be carried out, the construction and commissioning of any modifications or

upgrades to the Private Infrastructure in such a way as to minimise the disruption to Train Services insofar as it is reasonably practicable to do so.

- (d) The Private Infrastructure Owner will, at its cost, at all times ensure that the Private Infrastructure is operated and maintained and any future modifications are designed and constructed to a standard which:
- (i) satisfies the minimum technical, engineering and safety standards that would be expected of a competent Accredited Rail Infrastructure Manager in accordance with all applicable laws and standards;
  - (ii) enables Trains to fully depart the Network and run onto the Private Infrastructure, or to fully depart the Private Infrastructure and run onto the Network, at the speed for which the relevant sections of the Network were originally designed;
  - (iii) maintains the integrity of all electrical, signalling and telecommunications interfaces between the Private Infrastructure and the connecting sections of the Network (including the Connecting Infrastructure);
  - (iv) maintains the integrity of any weighbridge or overload detector on the Private Infrastructure; and
  - (v) does not have ~~an~~ a material adverse impact on the safety or operation of the Connecting Infrastructure or the Network, provided that the Private Infrastructure is not required to be of a standard or to be of any condition which exceeds the standard and condition of any relevant part of the Network (including any planned or anticipated Expansion).
- (e) If coal is loaded and ~~shipped~~transported from a Transfer Facility utilising the Private Infrastructure onto the Network via the Connecting Infrastructure, the Private Infrastructure Owner must ensure that all coal Trains that depart the Private Infrastructure and enter the Network comply with CLMP.
- (f) If the Private Infrastructure Owner reaches an arrangement with Aurizon Network for Aurizon Network to carry out the design, construction and/or maintenance of the Private Infrastructure, that arrangement will be the subject of a separate written agreement between the Parties. [JQRC note: refer to the QRC's comments in clause 7.](#)
- (g) The Private Infrastructure Owner will provide to Aurizon Network all information collected by any weighbridge or overload detector which is located on the Private Infrastructure before departing the Transfer Facilities (or for non-coal related Train Services, the relevant loading facility), or at such other reasonable intervals and in such reasonable manner as may be specified in writing by Aurizon Network to the Private Infrastructure Owner from time to time.

- (h) The Private Infrastructure Owner will, in relation to the Private Infrastructure and solely in its capacity under this Agreement, provide to Aurizon Network, in a form reasonably requested by Aurizon Network from time to time, all electrical, signalling and telecommunications information required by Aurizon Network to manage and operate the Network (including the Connecting Infrastructure and all Trains entering or running on the Network).
  - (i) Aurizon Network may, and the Private Infrastructure Owner must permit Aurizon Network to, have reasonable access to inspect (from time to time) the connecting sections of the Private Infrastructure and any construction or maintenance of those connecting sections of the Private Infrastructure, in relation to the Private Infrastructure Owner's compliance with this **clause 9**. Aurizon Network ~~will~~must:
    - (i) give the Private Infrastructure Owner ~~reasonable~~at least [10] Business Days written notice of any such inspection, except in an emergency when Aurizon Network must give as much notice as is practicable in the circumstances; and
    - (ii) at all times comply with the requirements of **clause 28(d)** in relation to access to Private Land, including in the event of an emergency. *[QRC note: the QRC has deleted this provision as the QRC considers the provision is vague and unreasonably broad.]*
- ~~(j) — The Private Infrastructure Owner will be responsible for all electrical safety obligations for the Private Infrastructure.~~

## 10 Safety training

- (a) The Private Infrastructure Owner will cause all employees, agents and independent contractors of the Private Infrastructure Owner who are, or may be, required to work on, or in the immediate vicinity of, the Network or Connecting Infrastructure to attend trackside safety training and other applicable safety training prior to commencing such work.
