Dear Mr Timbrell

Approval: DBCT Management's final true-up amount

The Queensland Competition Authority (QCA) today accepted DBCT Management's final true-up amount of \$2,491,161.17—given to the QCA on 1 March 2017—to be paid to terminal users, for the transitional period (1 July 2016 to 16 February 2017).

The QCA accepted DBCT Management's proposed final true-up amount as it complies with the methodology outlined in Schedule C, Part C of the 2017 access undertaking.

The QCA also notes that the Regulatory Asset Base (RAB), Annual Revenue Requirement (ARR) and Terminal Infrastructure Charge (TIC) now applying for the 2016–17 year will be approximately \$2,388.878 million, \$192.987 million and \$2.3914 per tonne respectively.

Yours sincerely

Charles Millstead
Chief Executive Officer
