Dear Mr Buckley

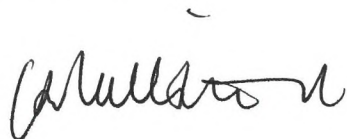

QR cost allocation manual amendment—approval

On 25 January 2019, Queensland Rail submitted amendments to the cost allocation manual to the Queensland Competition Authority for approval. The main changes were to reduce the standard cost allocator for the Mount Isa region from 12.0 per cent to 11.5 per cent of network wide cost items, and increase the allocator for the West Moreton region from 6.5 per cent to 7.0 per cent of network wide cost items.

On 14 February 2019, the QCA approved Queensland Rail's amended cost allocation manual for preparing its 2018–19 regulatory accounts.

We will publish this letter on the QCA website for stakeholders' information.

Yours sincerely

Charles Millstead
Chief Executive Officer
